Thirteen Austin companies are on this year's list of the fastest growing technology businesses in North America released by accounting firm Deloitte.

This year's Deloitte's Technology Fast 500 list is based on revenue growth from 2011-2014 and is dominated by software companies that account for 57 percent, or 283 of those cited. Sixty-seven percent of the software companies have received venture capital, [according to the report](#).

Phunware Inc. was the highest-ranked Austin-area company on Deloitte's list with 952 percent revenue growth, while **Q1 Media** Inc., with growth of 797 percent, had the second-highest rank among Austin-area businesses.

Other Austin companies on the Deloitte list, ranked in order of revenue growth, include: **Kimbia** Inc., 249 percent; One Source Networks Inc., 202 percent; **Q2 Software** Inc. (NYSE: QTWO), 193 percent; **Sailpoint Technologies** Inc., 187 percent; Itransition Inc., 183 percent; **Kinnser Software** Inc., 171 percent; **Digital Turbine** Inc., 166 percent; **Bazaarvoice** Inc. (Nasdaq: BV), 161 percent; **Asure Software** Inc. (Nasdaq: ASUR), 149 percent; and **Sizmek Inc.** (Nasdaq: SZMK), 120 percent.

No Texas companies are ranked in the top 10.

Deloitte LLP considers for the list both public and private North American companies reporting revenue of more than \$50,000.
