North Austin ZIP code 78729 ranks No. 8 on a list of hottest ZIP codes by Realtor.com.

Here's what the website had to say about it:

One of 78 ZIP codes in Austin, 78729 is on the city's north side. It includes the residential Jollyville neighborhood, which offers prime access to many of the city's major tech companies, including Apple, IBM, and Dell. Jollyville also feeds into one of the best school districts in the area, Round Rock ISD, and offers affordably priced homes that are perfect for first-time buyers. Millennials make up 23% of the population, 75% higher than the U.S. average, and the share of households earning \$100,000 is expected to grow 23% by 2020.

We'll also add that Samsung, Flextronics, HP and Charles Schwab are also big contributors to home-selling action in that part of town.

The Aug. 21 weekly edition of the Austin Business Journal will shine the spotlight on Austin's wealthiest ZIP codes. For the latest on the Austin home market, see this recent report.
